Theme guide for timeware®
touchscreen artwork

Over the following four pages you will find examples of the images that make up 'Themes' on the t9-75xx range of terminals.
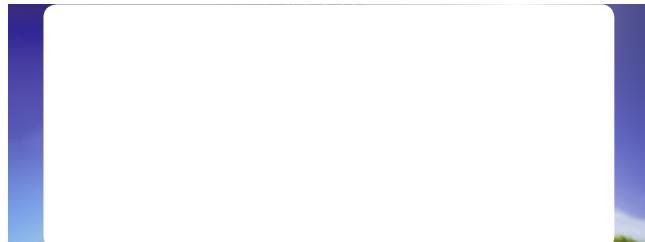

It is essential that the images sizes quoted are adhered to exactly. Incorrect images size may cause your terminal to corrupt and reset!

Please remember that the t9-75xx range of terminals are only compatible with timeware 2014 and above.

For further assistance with theme design, please contact timeware's® approved design partner: TA Design on 01706 861662 or email richard@ta-design.co.uk
