2. timeware[®] Windows client:

Demo Reminders...

- Ask how they intend the clients to use timeware e.g locally, remote services.
- Ask the customer how many clients intend to use timeware

3. timeware[®] Windows client: Personnel

Demo Reminders...

- Ask how many employees will be added to the timeware system
- Ask if the customer plans on uploading documents to the system
- Ask about the employee structure for the company (Groupings)
- Ask the customer if they have any existing systems/spreadsheets they may want to import personnel from

4. timeware[®] Windows client: Absence Management

Demo Reminders...

- Ask how many different entitlement policies the customer has
- Ask if they customer uses the Bradford factor, tactical absences, rolling absences
- Show the absence form event and what information they want to see when booking an absence
- Ask if the manager would like an email when an employee has submitted the absence

5. timeware® Windows client: Attendance

Demo Reminders...

- Ask how many different shift patterns the company has
- Ask if they have any special rules for shifts, breaks, overtime

6. timeware[®] Windows client: Access Control

Demo Reminders...

- Ask the customer if they plan on using access control
- Ask will they be linking to doors, turnstiles, gates and barriers etc

7. timeware[®] Windows client: Job Costing

Demo Reminders...

- Ask if the customer already uses a job costing system, if so find out details and would they want to import data
- How will the customer collect job costing data eg terminal fuzzy wand, ess
- Show how the job costing works Jobs, operation.

8. timeware® Windows client: Cost Centre Analysis

Demo Reminders...

- Ask if the customer already uses a Cost centre system, if so find out details and would they want to import data
- How will employees clock onto cost centres e.g. terminal Inquiry, ESS

9. timeware® Windows client: Fire Alarm Roll-Call

Demo Reminders...

- Ask the customer if they have a fire alarm system already, If yes tell them we will need inputs from there panel
- Ask how they want to be notified of a fire alarm trigger.

10. timeware[®] Windows client: Assembly Points

Demo Reminders...

- Ask where the assembly point will be located in conjunction with the fire alarm monitor

11. timeware® Windows client: ADP (Attendance Display Panel)

12. timeware[®] Windows client: Reports and Exports

Demo Reminders...

- Ask them if they would like to export any data to existing spreadsheets
- Ask them if they would like any reports showing certain information

13. timeware® Windows client: Lone Worker

Lined area for notes

14. timeware® Windows client: Dashboards

Demo Reminders...

Ask them what information they would want to see as live data

15. TWC (timeware® web client):

Demo Reminders...

- Inform the customer that supervisors can use the TWC rather than running a client install.
- Ask how many managers will intend on using the TWC

17. TWC (timeware[®] web client): Attendance

19. ESS (Employee Self Service):

Demo Reminders...

- Ask if they want employees to submit attendance bookings
- Ask if they want employees to request absences
- Ask if they want employees to submit job costing data
- Ask if they want employees to submit cost centre data
- Ask if the employee would like an email on approval of an absence

22. ESS (Employee Self Service): Job Costing
